Hot dogs are indeed an iconic American food. Hot dogs are a food that is influenced by many cultures from around the globe and recipes that continue to evolve. In Birmingham, Alabama, the hot dog culture is strong and it became one of Birmingham's standards thanks to a large immigrant population of Greeks who have been successful food purveyors for a few generations. When Nick Pihakis, Founder and CEO of the Pihakis Restaurant Group schemed a new hot dog restaurant with Pete Graphos, the founder of Sneaky Pete's Hot Dogs, a Birmingham institution since 1966, it made perfect sense. They would blend the collective experience of nearly 100 years between them in the restaurant business with the nostalgia of a beloved food and re-introduce this Birmingham classic to a new audience. A step beyond the walk-up style hot dog spot from days gone by, Hot Dog Pete's team has worked through recipes and combinations utilizing great ingredients and sourcing from businesses that are respected. Wieners are custom blended by Fritz's Smoked Meats and Superior Sausage--Kansas City's oldest smokehouse since 1927. We take pride in our selections and the history behind Hot Dog Pete's and are thrilled to bring great food that celebrates good times to you.
